

Patrick Wadlington Joins Birkman International as Senior Psychometrician

HOUSTON, TX – October 4: Birkman International, Inc., a global provider of behavioral assessment tools, announced today that Dr. Patrick Wadlington has joined its research and development department as Senior Psychometrician.

Dr. Wadlington received his doctoral degree in Industrial and Organizational Psychology from the University of Illinois at Urbana-Champaign. Before joining Birkman, Dr. Wadlington served as senior psychometrician for Hogan Assessments and conducted research for the Department of Defense and Office of Naval Research.

“We are pleased that Patrick has joined our growing research and development department,” said Sharon Birkman Fink, CEO Birkman International. “He will be of great assistance as we continue to refine our assessment, develop new and improved products and increase our relevance to the workplace, university, school and not-for-profit communities.”

About Birkman:

The Birkman Method® has been in use for over 50 years and has been used by over 2 million people and 5,000 organizations worldwide, including corporations, not-for-profit organizations, governmental agencies, and individuals. The assessment accurately measures social behaviors, underlying expectations of interpersonal and task actions, potential stress reactions to unmet expectations, occupational preferences and organizational strengths.
